**Code of Assessment Exemption: Assessment of School Experience
(Faculty of Education) – For Noting**

Ms H Butcher, Clerk to the Committee

ASC is invited to note that the Faculty of Education's exemption from the Code of Assessment in terms of the grading of assessment of School Experience has been revised.

Previously, School Experience was exempt from the Code as a Merit/Pass/Fail grading scheme was used. The Clerk of Senate and Convener of ASC have approved a revision to the scheme which is now a strictly competence related satisfactory/unsatisfactory. This has been introduced to ensure that the University complies with practice agreed by Local Authorities and Deans of Scottish Education Faculties. The revised assessment practice for School Experience therefore remains exempt from the Code of Assessment.
