Academic Standards Committee – 23 April 2010

**University of Glasgow and Scottish Agricultural College Joint
Liaison Committee – Report Update**

Ms Rona Miller, Senate Office

Approval of New Staff Members of the Scottish Agricultural College

In February 2010, Academic Standards Committee received a report of the meeting of the Joint Liaison Committee of the University of Glasgow and the Scottish Agricultural College (SAC) held in November 2009. It was noted that a request for the approval of two new members of SAC's academic staff would follow at the ASC meeting of 23 April 2010.

The Convener of the Joint Liaison Committee has now received and approved, under Convener's action, the curricula vitae of new members of SAC's academic staff as follows:

- **Dr Alex Hilton**, BSc, MSc, PhD, Member of the British Society of Plant Pathology, Lecturer in Crop Science; and
- **Ms Alison Campbell**, Lecturer in Business Management.

Academic Standards Committee is asked to **approve** the above named staff as teachers of the University for the purposes of teaching on courses leading to Degrees and Postgraduate Diplomas of the University.
