

University of Glasgow**Academic Standards Committee - Friday 22 March 2019****Periodic Subject Review: Amendment to the Report of the Review of the School of Modern Languages & Cultures held on 3 May 2018****Ms Jane McAllister, Clerk to the Review Panel**

At its meeting on 23 November 2018 ASC approved the report from the Periodic Subject Review of the School of Modern Languages & Cultures held on 3 May 2018. The report included the following recommendation:

Recommendation 10

The Review Panel recommends Central/College Human Resources, with reference to the Learning Enhancement and Academic Development Service where it relates to the PGCAP, should review the process for recognition of prior experience in the requirements for the Early Career Development Programme participation. The Panel suggests that this work begin in the School of Modern Languages and Cultures with a view to developing a University-wide process. [paragraph 7.4.6-7]

Subsequently it was noted that this recommendation should be amended to reflect the fact that a University-wide process already exists (and did at the time of the review). Professor Moira Fischbacher-Smith, the Review Panel Convener, has therefore agreed the following revised wording:

The Review Panel recommends that Performance, Pay and Reward in Corporate HR and the Learning Enhancement and Academic Development Service, working through the ECDP governance system, should continue to review appropriate recognition and discount mechanisms for the PGCAP, recognising that these have been recently (2018) substantially revised.

ASC is asked to approve this amendment.
